### HEAVY DUTY CAUSTIC FOAM WASH

# 5L

#### PRODUCT INFORMATION

Active ingredients include sodium hydroxide.

This product acts to dissolve grease and dirt from surfaces whilst simultaneously disinfecting. This makes this product an effective foam wash to be used in all Full Spectrum Hygiene applications.

#### ACTIVE INGREDIENT

Sodium hydroxide and 2-butoxyethanol.

#### USAGE

An alcohol based concentrated caustic cleaner used in dairy's, abattoirs, and for on -farm applications.

#### AREAS OF USAGE

Abattoirs, Dairies, On-farm applications and general hygiene applications.

#### DIRECTIONS

Dilute into potable water.

Stir briskly before use.

Use immediately once diluted.

#### DILUTION RATE

1-100 Dilution depending on application.

Allow 5 minute contact time.

### FIRST-AID MEASURES

- EYE CONTACT:** Flush eyes with cold running water for 30 minutes continuously. Remove contact lenses. Seek medical attention.
- SKIN CONTACT:** Remove contaminated clothing. Flush skin continuously for 15 minutes with water. Apply appropriate emollient. If irritation persists, seek medical attention.
- INGESTION:** Wash out mouth with running water. Do not induce vomiting. Never give anything by mouth to an unconscious person.
- INHALATION:** Remove person from exposure and move patient to well ventilated area. Call a physician if symptoms develop or persist. If breathing has stopped, then begin rescue breathing and CPR if heart has stopped.
- STORAGE:** Store in a tightly closed original container in a dry, cool and well-ventilated place away from acids, oxidisers and combustible materials. Keep out of direct sunlight. Store at 25°C. Keep away from sources of ignition. No smoking near product. Do not breathe in dust or vapours.
- EXPIRY DATE:** 2 years from date of manufacture
- PPE:** Gloves recommended for extensive exposure / usage. Wash and dry hands after gloves have been disposed of. Use equipment for eye protection tested and approved under appropriate government standards.
- DISPOSAL:** Wear appropriate personal protective equipment (PPE). Dispose of all contaminated material at an authorised site.
